### Important Information:

- All rooms in which the exam takes place are computer rooms in different buildings (see map below). **Please make sure you come to the right room assigned to you based on your last name!** If you have several last names, the list will be based on the final name listed in your data.
- Please make sure you arrive at the exam at least **10 minutes** before we begin, to find a place, start your computer, and log into the system.  
*Please note that you will not be permitted to leave the exam early.*

- During the exam, please don't panic if there is a technical issue. Moodle saves your answers and stops the time even if you have to switch computers.
